

Transferring Money within Thailand by ATM Transfer

If you already have a bank account in Thailand, it's quick and easy to send money to C.F.TEC's company bank account in Thailand. This is a common method of payment.

The only trick is that you must go to an **ATM machine owned by your bank.**

The ATM machines vary, but the process usually goes like this:

1. Insert your ATM card and enter your PIN number.
2. Choose English language :-)
3. Choose "Transfer"
4. Choose either internal or third party bank transfer
5. Choose Your kind of Bank account you want to transfer money from e.g. "Savings"
6. Choose the receiving bank (KBANK) or (KBNK)
7. Type in the C.F.TEC's account number [012-1081-970](tel:012-1081-970)
8. Type in the money amount to send
9. Wait a moment. The ATM will retrieve and display [C.F. TEC Co., Ltd.](#) for you to verify it's correct.
10. Some ATMs allow you to send a free sms to the receiver. You can send a sms to [086-974-3340](tel:086-974-3340).
Then we can send out your order immediately.

It's very easy and quick.

Keep the receipt. The receipt will have the sender's and receiver's account number, transaction number, amount, date and time. It won't have any names on it.

Notably, interbank transfer often fails after 10pm, though transfers within different accounts of the same bank usually work 24 hours/day.

Transferring Money from any Bank in Thailand

Alternatively you can go to any Branch of either your Bank or to any

EXCELLENCE

KASIKORNBANKGROUP and transfer money cash at the counter.

[Kasikorn Bank \(KBANK\)](#)

[C.F.TEC.Co.,Ltd.](#)

Acc: [012-1081-970](tel:012-1081-970)
